Make your walls pop with the creative textures of the Dymo line. An all-white 12"X24" ceramic wall tile line with 3 spectacular 3D effects, accompanying a classic white glossy tile, mix and match this dynamic line to create unique movement in your space. Your eyes will dance across the patterns, continually stunning from every angle.

**Technical Information**

Primary Colors: White  
 Material Type: Ceramic  
 Country of Origin: China  
 Finish: Glossy finish

**Installation**

1/8" Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

**Disclaimer:**  
 Variation in shade is an inherent attribute of porcelain tile.

To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns. \*No claims accepted after tile installation.

**Features At A Glance**

- Entry level 12"X24" wall tile with 3D accents
- 3 patterns with 1 plain white glossy
- Trendy designer looks at a portion of the cost

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.
