Make your walls pop with the creative textures of the Dymo line. An all-white 12"x24" ceramic wall tile line with 3 spectacular 3D effects, accompanying a classic white glossy tile, mix and match this dynamic line to create unique movement in your space. Your eyes will dance across the patterns, continually stunning from every angle.

Technical Information

Primary Colors: White
 Material Type: Ceramic
 Country of Origin: China
 Finish: Glossy finish

Installation

1/8" Grout Size is recommended on all tile installation. When installing rectangular tiles a less than 33% staggered brick lay is strongly recommended.

Features At A Glance

- Entry level 12"x24" wall tile with 3D accents
- 3 patterns with 1 plain white glossy
- Trendy designer looks at a portion of the cost

Large format tiles: It is mandatory that the mortar coverage on the floor surface and tile be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

Disclaimer:

Variation in shade is an inherent attribute of porcelain tile.

To ensure customer satisfaction: Make sure to look over all tiles before installing. Please select tile from same lot: same size, and numerical shade. Intersperse tiles throughout your job from different boxes. Rotate the tiles so there won't be repetitive patterns.

*No claims accepted after tile installation.
